DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the specification:

At page 1, line 9, after "09/532,432" insert – now US Patent 6,519,500 --.

At page 1, line 10, after "10/088,040" insert – now US Patent 6,814,823 --.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, in an additive manufacturing process comprising the step of providing a feedstock in the form of a sheet, tape or wire material increments, the prior art does not teach or make obvious the concept of treating the object being fabricated, the feedstock, or both so as to inhibit the consolidation of material increments in one or more localized areas in the manner claimed by the applicant.

Regarding claim 10, in an additive manufacturing process, the prior art does not teach or make obvious the concept of the combination of steps comprising: analyzing the description of the object to determine if an intrinsic support would be necessary or desirable to the fabrication thereof, determining whether localized, inhibited

Art Unit: 1734

consolidation would be appropriate to the formation of the intrinsic support and, if so, treating the object being fabricated, the feedstock, or both so as to inhibit the consolidation of material increments in accordance with the description of the object in the manner claimed by the applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
